# Dynasty Goalkeeping Application

Please review the program descriptions below to help you choose which level is appropriate. Acceptance into a program will be based on a review of the student's application to assure proper placement of all goalkeepers. It is important that goalkeepers are appropriately placed so that all students will be challenged and get the most out of their week at Dynasty. Please note age minimums for each level.

**SELECT** – Ages 13-17+. This level is designed for goalkeepers who want to solidify and sharpen their technique. It is ideal for aspiring Development Academy, pre-ECNL, Premier and Classic level goalkeepers, as well as repeat students who need to focus on their technique and developing the physical aspects of their game. It is NOT a beginner camp. It will also layer in tactical and mental pieces of the game. (Week 4)

**ELITE** – Ages 15-18+. This will remain the traditional camp week and core of Dynasty Goalkeeping. This camp is tailored for the more experienced, competitive goalkeepers -- repeat students, goalkeepers who have attended other goalkeeper specific camps, top Academy, ECNL and ODP players (Regional Team level or higher preferred). (Weeks 2, 3 & 5).

It is strongly suggested that students have at least 2 of the following to be prepared for this level of camp: (Check all that apply):

- Current collegiate player or start on a Academy team or ECNL club team (List club team, coach's name and contact information) \_\_\_\_\_  
\_\_\_\_\_
- Have attended another goalkeeper specific camp (List camps attended and years)  
\_\_\_\_\_
- Have attended Dynasty Goalkeeping Academy previously (List date attended)  
\_\_\_\_\_
- Youth National Team or Regional Team ODP player (List teams and years)  
\_\_\_\_\_

**PRO** - This week is for college players only. It will be aimed at serious college players who want to maximize their potential in college and perhaps play beyond college on the national team or professionally. More emphasis is placed on the tactics of the position and getting functional quicker to get more repetitions in game like scenarios to improve decision making. The curriculum is developed for current college players and top college bound goalkeepers who have graduated high school and can compete at this level. (Week 1)
